

Manager, Supply Chain Viterra Inc.

Headquartered in Regina, Saskatchewan, Viterra is a global market leader in originating, handling, processing and marketing agricultural commodities. With employees throughout North America, Viterra has industry-leading logistics capabilities, encompassing the world's largest global network of marketing offices, as well as handling, processing, distribution, transportation and storage assets.

Viterra people are grain specialists; they deliver value to growers with an unrivaled marketing reach, competitive pricing and flexibility. For over 100 years, Viterra has earned growers' business with their expertise and commitment to furthering the agricultural industry.

Based in Regina, the **Manager, Supply Chain** leads Viterra's supply chain function. This pivotal role develops and manages supply chain strategies that support overall corporate goals and strategic initiatives. With a mandate to drive and measure cost savings and efficiency, the **Manager, Supply Chain** leads an experienced team that negotiates and deploys national supply agreements used company-wide.

As a candidate for this position, you thrive in a hands-on role and excel in leading both the supply chain function and team. Your broad supply chain experience is underpinned by sound judgement, confidence and a proven ability to drive efficiencies through enhanced processes and practices.

Ideally, you will possess a post-secondary education in Business Administration or Commerce and a designation as a Certified Professional in Supply Management (CPSM) or Supply Chain Management Professional (SCMP). Qualified candidates must also possess eight or more years of supply chain experience gained in a complex business environment.
